

The Strategic Advisory Committee, SAC

The **Strategic Advisory Committee, SAC** of the World Water Quality Alliance, oversees the priority agenda setting of the Alliance in a strategic context. It provides guidance and recommendations on possible priorities and positioning the Alliance in the accelerating global demand for water quality information. It fosters links with relevant socio-political processes, the 2030 Agenda, relevant Multilateral Environmental Agreements and regional/national processes as well as global monitoring and reporting mechanisms and funded initiatives such as the Integrated Monitoring Initiative for SDG 6 (coordinated by UN-Water);

The membership of this committee is as follows:
