Discussion: Air Quality Objectives

Presented by Henry Roman

September 23, 2019

Possible Objectives for Air Quality Monitoring

- Determine compliance with air quality standards
 - Public reporting of air quality
 - Source apportionment
 - Assessment of health burden
 - Identify hot spots
 - Support air pollution research
-
- Which objective(s) do you think are the highest priority for Addis - why?
 - What are the most significant gaps in our understanding of air quality in Addis?
