WASSMO PHASE I KEYS RESULTS

WASSMO PHASE I Keys results

- Web-based Pan-African water and sanitation sector monitoring and reporting system developed and operational with **43 indicators for political commitments**, : <http://www.africawat-sanreports.org/IndicatorReporting/home/> ;

Theme		Indicators
1	Water infrastructure for growth	9
2	Managing and Protecting Water	7
3	Water Supply, Sanitation, Hygiene	6
4	Climate Change and Disaster Risk Reduction	4
5	Governance and Institutions	7
6	Financing	6
7	Information Management and Capacity	4

Map view – example: Progress on sanitation

WASSMO PHASE I KEYS RESULTS (CONT'D)

Draft water & sanitation reporting format and guidelines on reporting developed and adopted by MS;

Capacity of the Secretariat, African Union and over 60 stakeholders strengthened in the use and management of the data platform

2 water and sanitation reports produced in 2011 and 2015 respectively.

CHALLENGES IDENTIFIED DURING WASSMO PHASE I

03

CHALLENGES IDENTIFIED DURING PHASE I

High turnover of national focal points to consistently provide quality data

Weak coordination structures at national level to facilitate data collection;

Low capacity by countries to collect quality data and reporting in a timely manner;

Inexistence of baseline value for indicators

High levels of bandwidth consumption by the system hence causing accessibility challenges by most countries.

04

WASSMO PHASE II

WASSMO PHASE II OVERVIEW

Project name	SUPPORT FOR THE ESTABLISHMENT OF A MONITORING AND REPORTING SYSTEM FOR THE WATER SECTOR IN AFRICA PROJECT - PHASE II: STRENGTHENING CAPACITY BUILDING AND LEARNING	Keys results	<ul style="list-style-type: none">• R1: Quality reporting on state of water & sanitation in Africa to African Heads of State at AU Summits improved;• R2: Systems for data monitoring and reporting at national, sub-regional and continental levels including AMCOW Secretariat and RECs strengthened;
Objective	To support and strengthen the decision-making processes at national, sub regional and continental level in the water and sanitation sector in Africa	Budget and time frame	<p><u>Budget: 1,147,520 Euro with support of 656,480 Euro from AWF</u></p> <p><u>Time Frame: 24 April 2020-31 March 2022</u></p>

Project components

COMPONENT 1: STRENGTHEN THE PAN AFRICAN WATER & SANITATION MONITORING & REPORTING SYSTEM

- Software upgrade to improve system accessibility, disaggregate data, update system user manual; reconfigure the system to include Morocco;
- Bandwidth issues resolved;
- sub- regional & river basin layer added in the system;
- Morocco included;
- Back-up system and an offsite back up through cloud solution enhanced;

COMPONENT 2 – CAPACITY ENHANCEMENT OF STAKEHOLDERS

- National Coordination Platforms (NCP) established within MS;
- Methodologies and definitions for selected indicator data and parameters updated ;
- Capacity of Members States and keys stakeholders strengthened;
- Roles of Regional Economic Communities to support respective sub regional reporting, data collection and validation strengthened;
- Regionals validation workshops organized;

Component 3: Project Management and Reporting

- **Project management structure and team established**
- **TAC Sub-Committee to provide special advice to the TAC Technical Advisory Committee for WASSMO deliverables established**
- **Project Technical Committee established**

M&E STRATEGIC FOCUS

WASSMO M&E STRATEGY FOCUS

PROJECT IMPLEMENTATION ARRANGEMENT

06

Project implantation arrangement

Project Implementation Unit

Project Manager, IT/Data Base Officer, Monitoring Support Officer, Procurement Officer, Account Officer

Project Technical Committee

RECs, African Union, AfDB, Universities

Technical Advisory Committee (TAC)

Botswana, Kenya, Ghana, Gabon, Tunisia

NATIONAL COORDINATION PLATFORM

08

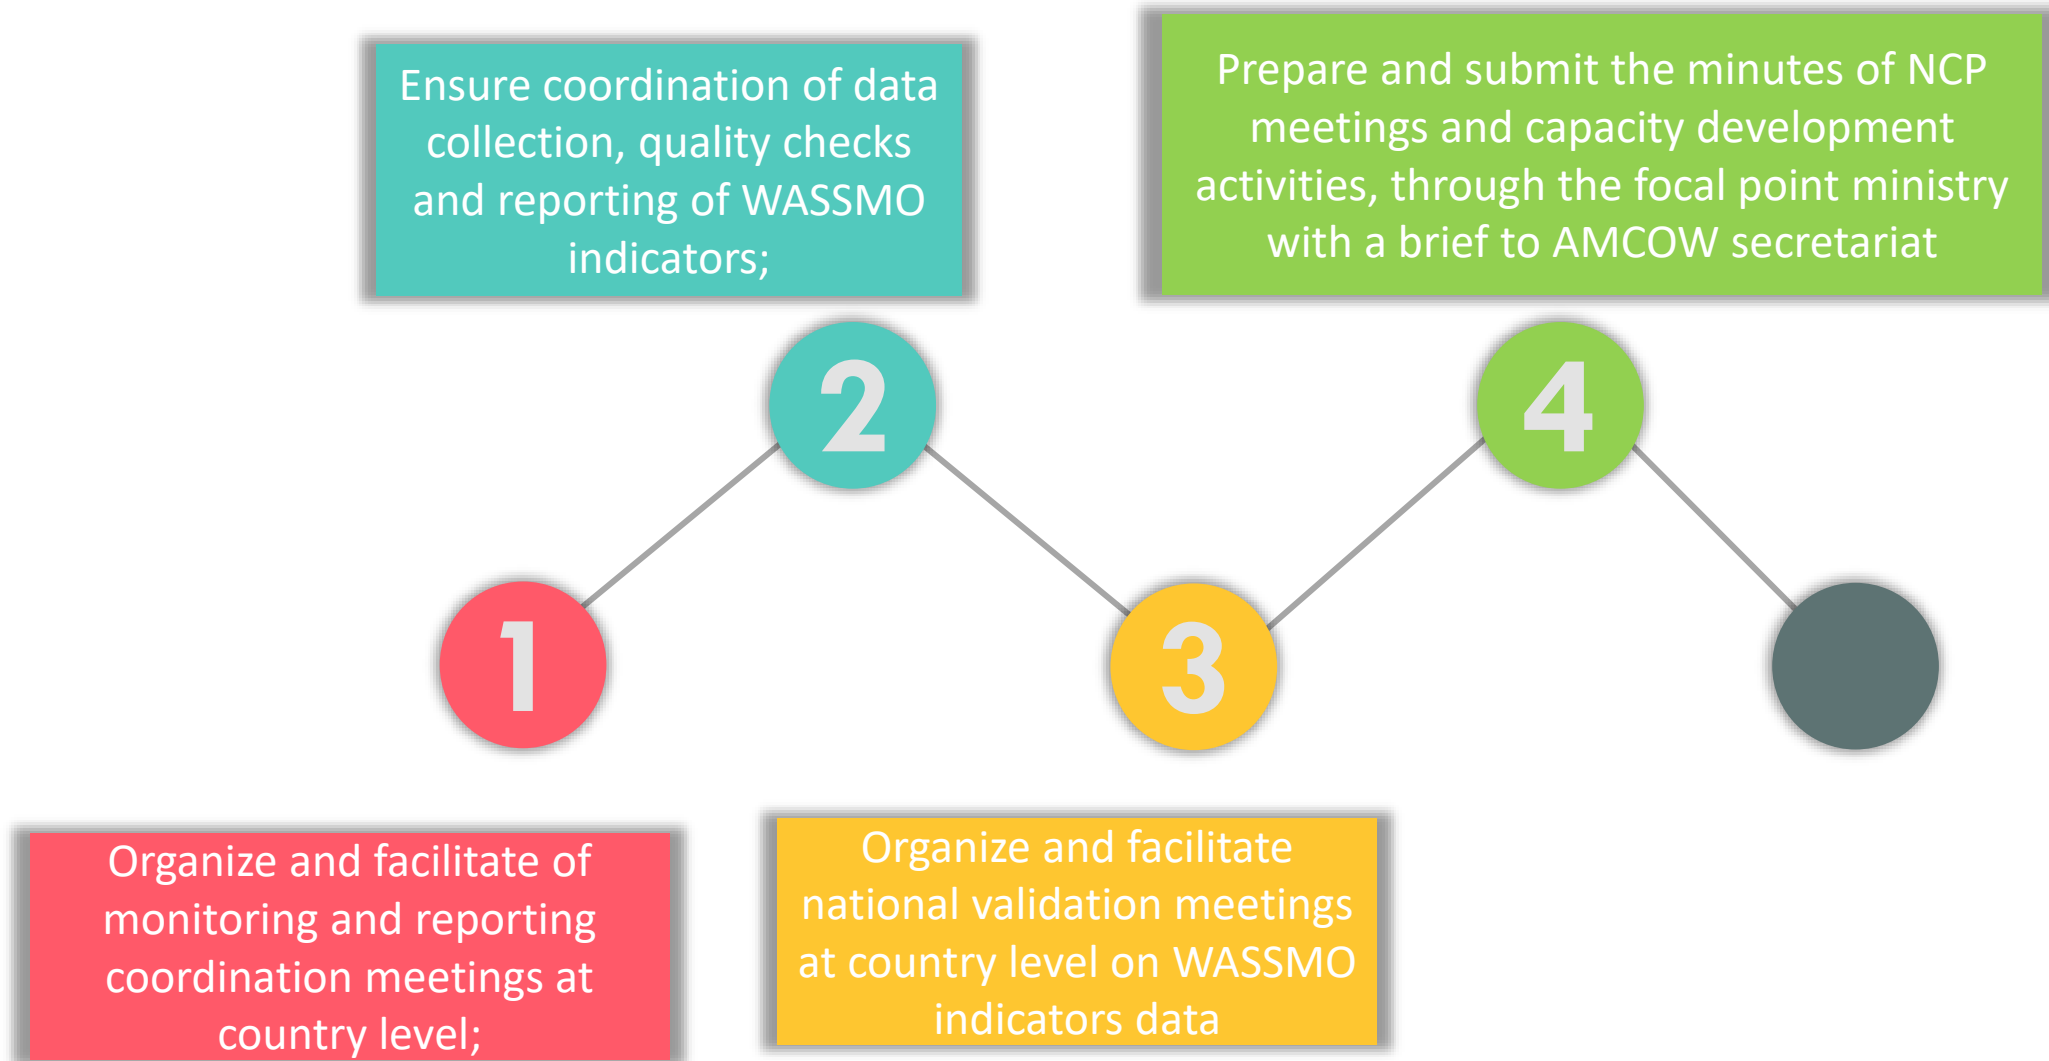

OBJECTIVES

The National Coordination Platform will serve as the multi-stakeholder coordination platform for water, sanitation, and hygiene with a focus on data collection, quality check, and reporting of the WASSMO indicators.

The overall objective of the NCP is to improve the quality of the data reporting into the WASSMO system by Members Countries.

Roles and functions of the National Coordination Platform

KEYS RESULTS FOR PHASE II
