

MEETING NOTE

Caribbean working group on SDG indicator 6.3.2

SDG 6.3.2 - *Proportion of bodies of water with good ambient water quality*

Date: Thursday, 28th April 2022

Time: 10:00 - 11. a.m. Panama time (UTC – 5)

Modality: Virtual – Microsoft Teams

Meeting Objective: Discuss the methodology developed for SDG indicator 6.3.2 and formalise the proposed UNEP Caribbean working group linked to this indicator. The first virtual training component aimed to promote actions that facilitate the understanding of the indicator in the countries of the region by presenting the participants with the various approaches in the calculation methodology, the available materials, and the last review.

Organising & Support Team (UNEP): Stuart Warner and Daiana Martin

Enrolled: 22 colleagues from Antigua and Barbuda, Bermuda, Grenada, Guyana, Jamaica, Dominican Republic, Saint Lucia, and Saint Vincent and the Grenadines

Attendees:

Faustina Wiggins
Simpson, Andrew
Michel Swanston Nurse
Oraine Nurse
Asonta Durham
Francisco Santos
Karen Watson
Francisco Santos
Josette Maxwell Dalsou
Junior Alexis

Discussion topics:

1. Presentation and the Introduction to the SDG 6.3.2 Indicator and the SDG 6
2. Methodology
3. Data Collection Outcome 2023: Data Submission Process, Timelines
4. Next Steps
5. Question & Answer Session

Next Steps: The meeting minutes, presentation, and records will be shared with the enrolled participants.

Agreement on next monthly meeting date will be shared in the following days.

At 11 am Panama time the meeting ended.
